

FINAL TERMS

dated 22 December 2025

The Ultima Global Markets Qazaqstan Limited

*(incorporated in the Astana International Financial Centre)
(as Issuer)*

*(guaranteed by THE ULTIMA WORLD DMCC)
(as Guarantor)*

Issue of Series 2025-22 USD 10,010,000 Fixed Rate Notes due September 2027

(the "Notes")

under the USD 300,000,000 Euro Medium Term Note Programme valid until 31 January 2054

(the "Programme")

The Notes have not been and will not be registered under the United States Securities Act of 1933 as amended (the "Securities Act") or any state securities laws and, unless so registered, may not be offered, sold or otherwise made available within the United States or to, or for the benefit of U.S. persons as defined in Regulation S under the Securities Act except pursuant to an exemption from or in a transaction not subject to the registration requirements of the Securities Act and applicable state securities laws.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of:

- (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "MiFID II");
- (ii) a customer within the meaning of Directive (EU) 2016/97 (the "EU Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or
- (iii) not a qualified investor as defined in the Regulation (EU) 2017/1129 (the "Prospectus Regulation").

Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the "EU PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the EU PRIIPs Regulation.

PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom ("UK"). For these purposes, a retail investor means a person who is one (or more) of:

- (i) a retail client, as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended, the "EUWA");
- (ii) a customer within the meaning of the provisions of the FSMA and any rules or regulations made under the Financial Services and Markets Act 2000 (as amended, the "FSMA") to implement Directive (EU) 2016/97, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; or

- (iii) not a qualified investor as defined in Article 2 of the Prospectus Regulation as it forms part of domestic law by virtue of the EUWA.

Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the “**UK PRIIPs Regulation**”) for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

Any person making or intending to make an offer of the Notes may only do so in circumstances in which no obligation arises for the Issuer to publish a prospectus or to supplement a prospectus, in each case, in relation to such offer, other than pursuant to Part 1 of the AIFC Market Rules No.FR0003 of 2017 (as amended and supplemented from time to time).

The Issuer has not authorised the making of, nor do they make, any offer of Notes in any other circumstances.

These Final Terms do not constitute, and may not be used for the purposes of, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation.

INVESTOR SUITABILITY - Prospective investors should determine whether an investment in the Notes is appropriate in their particular circumstances and should consult with such advisers as they deem necessary to determine the appropriateness, effect, risks and consequences of an investment in the Notes. Any decision by prospective investors to make an investment in the Notes should be based upon their own judgement and upon any advice from such advisers, and not upon any view expressed by the Issuer.

Given the nature of these Notes, the Issuer considers that they are only suitable for investors who:

- (i) have the requisite knowledge and experience in financial and business matters to evaluate the merits and risks of an investment in the Notes;
- (ii) are capable of bearing the economic risk of an investment in the Notes for an indefinite period of time, which may involve a partial or complete loss of principal;
- (iii) are acquiring the Notes for their own account for investment, not with a view to resale, distribution or other disposition of the Notes (subject to any applicable law requiring that the disposition of the investor's property be within its control); and
- (iv) recognise that it may not be possible to make any transfer of the Notes for a substantial period of time, if at all.

Before making an investment decision, prospective purchasers should inform themselves about, and make a detailed evaluation of the nature and financial position of the Issuer and the Guarantor (as defined below).

Investors should also consider the fees payable to their broker and custodian when acquiring the Notes.

RISK FACTORS – The risks outlined in these Final Terms are provided to highlight certain essential risks only and are by no means comprehensive. You should read “*Risk Factors*” in the Prospectus (as defined below) for a fuller description of certain risks in respect of the Notes. Additional risks and uncertainties relating to the Issuer, the Guarantor, or the Notes that are not currently known to the Issuer or the Guarantor or that either currently deems immaterial, may individually or cumulatively also have a material adverse effect on the financial position of the Issuer, the Guarantor or on the performance of the Notes.

The below risk factors should be read in conjunction with the risk factors set out in the Prospectus.

Risks relating to the Notes

No secondary market

It is unlikely that a secondary market will develop for the Notes, providing investors with an opportunity to resell their Notes, and the Issuer does not intend to provide, nor to arrange for there to be provided, a secondary market providing Noteholders with an opportunity to sell their Notes. The more limited the secondary market, the more difficult it may be for the investors to realise the value of the Notes.

Issuer credit risk

Investors in the Notes are exposed to the credit risk of the Issuer, that is the risk that the Issuer is not able to meet its obligations under the Notes, irrespective of whether such Notes are referred to as capital or principal protected or how any principal, interest or other payments under such Notes are to be calculated. If the Issuer is not able to meet its obligations under the Notes, then, unless the Notes are Guaranteed Notes, that would have a significant negative impact on the Noteholder's return on such Notes, and a Noteholder may lose up to its entire investment.

Guarantor credit risk

Noteholders bear the credit risk of the Guarantor in the case of default by the Issuer, that is the risk that the Guarantor is not able to meet its obligations under the Notes, irrespective of whether such Notes are referred to as capital or principal protected or how any principal, interest or other payments under such Notes are to be calculated. If the Guarantor is not able to meet its obligations under the Notes, then that would have a significant negative impact on the Noteholder's return on such Notes, and a Noteholder may lose up to its entire investment.

Risks relating to the early redemption of the Notes

If the closing price of any Eligible Bond (as defined in paragraph 41 below) falls by 65% compared to the closing price of such Eligible Bond as of the Issue Date, the Issuer may in its sole absolute discretion redeem the Notes early. As a result of such early redemption, the Noteholders may receive an amount which would be less than the Noteholders expected to receive if the Notes had continued to maturity.

Risks relating to leverage

If the Notes are redeemed in whole or in part prior to maturity, the cash payment to Noteholders at such redemption date will be linked to the performance of the Selected Bond(s) under the Hedge Transaction during the period from (and including) the Issue Date to (and including) the day of unwinding in whole or in part of the Hedge Transaction. The Aggregate Nominal Amount of the Notes is 1.3 times smaller than the Nominal Value under the Hedge Transaction. Therefore, potential losses of the Noteholders will be multiplied by 1.3.

Accordingly, Investors may receive less than par at early redemption.

Transaction costs

When the Notes are purchased or sold, several types of incidental costs (including transaction fees and commissions) may be incurred by a Noteholder. These incidental costs may significantly reduce or even exclude the profit potential of the Notes. To the extent that additional, domestic or foreign, parties are involved in the execution of an order, including but not limited to domestic dealers or brokers in foreign markets, potential Noteholders must take into account that they may also be charged brokerage fees, commissions and other fees and expenses of such parties. In addition to such costs directly related to the purchase of the Notes, potential Noteholders should also take into account any ongoing costs (such as custody fees) that they will incur in holding the Notes. Investors should inform themselves about any additional costs that they may incur in connection with the purchase, custody or sale of the Notes before investing in the Notes.

PART A - CONTRACTUAL TERMS

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions (the “Conditions”) set forth under the sections entitled “*Terms and Conditions of the Notes*”, “*Annex 1 – Additional Terms and Conditions for Payouts*” (the “**Payout Conditions**”) and “*Annex 8 - Additional Terms and Conditions for Foreign Exchange (FX) Rate Linked Notes*” (as replaced below) (the “**Foreign Exchange (FX) Rate Linked Conditions**”) in the Base Prospectus dated 17 April 2025 which constitutes the offer document (the “Prospectus”) for the Notes and has been prepared by the Issuer pursuant to Rule PR 3 of the AIX Business Rules. This document constitutes the “Final Terms” of the Notes described herein and must be read in conjunction with the Prospectus.

Full information on the Issuer, the Guarantor and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Prospectus. The Prospectus (together with any documents incorporated therein by reference) and these Final Terms are available for viewing on the website of the Issuer at <https://theultimamg.com/aboutqz>.

Annex 1
Bond Option Transaction

Dear Sir/Madam:

The purpose of this letter agreement (this "**Confirmation**") is to confirm the terms and conditions of the Transaction entered into between us on the Trade Date specified below (the "**Bond Option Transaction**" or "**Transaction**"). This Confirmation constitutes a "Confirmation" as referred to in the ISDA Master Agreement specified below.

The definitions and provisions contained in the 1997 ISDA Government Bond Option Definitions (the "**Definitions**"), as published by the International Swaps and Derivatives Association, Inc., are incorporated into this Confirmation. In the event of any inconsistency between the Definitions and provisions and this Confirmation, this Confirmation will govern.

This Confirmation evidences a complete binding agreement between you and us as to the terms of the Transaction to which this Confirmation relates. In addition, you and we agree to use all reasonable efforts promptly to negotiate, execute and deliver an agreement (the "**Agreement**") in the form of the 2002 ISDA Master Agreement (the "**ISDA Form**"), with such modifications as you and we will in good faith agree. Upon the execution by you and us of the Agreement, this Confirmation will supplement, form a part of, and be subject to the Agreement. All provisions contained or incorporated by reference in the Agreement upon its execution will govern this Confirmation except as expressly modified below. Until we execute and deliver the Agreement, this Confirmation, together with all other documents referring to the ISDA Form (each a "**Confirmation**") confirming transactions (each a "**Transaction**") entered into between us (notwithstanding anything to the contrary in a Confirmation), shall supplement, form a part of, and be subject to any agreement in the form of the ISDA Form as if we had executed an agreement in such form (but without any Schedule except for the election of English law as the governing law and Russian Rubles or other currency agreed by the parties as the Termination Currency) on the Trade Date of the first such Transaction between us. In the event of any inconsistency between the provisions of the Agreement and this Confirmation, this Confirmation will prevail for the purpose of this Transaction.

Annex 2

ADDITIONAL TERMS AND CONDITIONS FOR FOREIGN EXCHANGE (FX) RATE LINKED NOTES

The terms and conditions applicable to Foreign Exchange (FX) Rate Linked Notes shall comprise the Terms and Conditions of the Notes (the "Conditions") and the additional Terms and Conditions set out below (the "Foreign Exchange (FX) Rate Linked Note Conditions"), in each case subject to completion in the applicable Final Terms. In the event of any inconsistency between the Conditions and the Foreign Exchange (FX) Rate Linked Note Conditions, the Foreign Exchange (FX) Rate Linked Note Conditions shall prevail.

1. Disruption Events

Unless otherwise stated in the applicable Final Terms, the occurrence of any of the following events (as determined by the Calculation Agent) in respect of any Base Currency, Subject Currency and/or Subject Currencies shall be a Disruption Event:

- (a) Price Source Disruption;
- (b) Dual Exchange Rate;
- (c) any other event that, in the opinion of the Calculation Agent, is analogous to (a) or (b); or
- (d) any other event specified in the applicable Final Terms.

The Calculation Agent shall give notice of the occurrence of a Disruption Event to the Noteholders as soon as practicable and in accordance with Condition 13 of the Terms and Conditions of the Notes.

2. Consequences of a Disruption Event

If a Valuation Date is a Disrupted Day (as determined by the Calculation Agent), the Calculation Agent shall use commercially reasonable efforts to obtain the Reference Exchange Rate on the Disputed Day or, if unsuccessful, on each of the number of consecutive Valuation Dates falling with the Specified Maximum Days of Disruption immediately following the Disrupted Day.

If the Calculation Agent was unable to obtain the Reference Exchange Rate on or before the last Valuation Date falling with the Specified Maximum Days of Disruption immediately following the Disrupted Day, the Calculation Agent shall determine the Reference Exchange Rate as of the Valuation Time on such last Valuation Date taking into consideration all available information that in good faith it deems relevant.

Upon obtaining or determining, as the case may be, the Reference Exchange Rate as described above, the Calculation Agent shall give notice of such Reference Exchange Rate to the Issuer, and the Issuer shall, on giving notice to Noteholders in accordance with Condition 13 of the Terms and Conditions of the Notes, redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value (which shall include any accrued but unpaid interest) of such Note taking into account the relevant Disruption Event and the Reference Exchange Rate obtained or determined, as the case may be, by the Calculation Agent, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion. Payment shall be made in full and final settlement of the Issuer's obligations under the Notes and in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the Terms and Conditions of the Notes.

3. Consequences of an Additional Disruption Event and/or an Optional Additional Disruption Event

If the Calculation Agent determines that an Additional Disruption Event and/or an Optional Additional Disruption Event has occurred, the Issuer may redeem the Notes by giving notice to Noteholders in accordance with Condition 13 of the Terms and Conditions of the Notes. If the Notes are so redeemed the Issuer will pay an amount to each Noteholder in respect of each Note held by him which amount shall be the fair market value of a Note taking into account the Additional Disruption Event and/or the Optional Additional Disruption Event, as the case may be, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with Condition 13 of the Terms and Conditions of the Notes.

4. Definitions

“Additional Disruption Event” means each of Change in Law, Hedging Disruption, Illiquidity Disruption, and Force Majeure.

“Change in Law” means that, on or after the Trade Date (as specified in the applicable Final Terms) (A) due to the adoption of or any change in any applicable law or regulation (including, without limitation, any tax law, sanctions, solvency or capital requirements), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority, sanctions authority or financial authority), or the combined effect thereof if occurring more than once, the Issuer determines in its sole and absolute discretion that:

- (a) it is unable to perform its obligations in respect of the Notes or it has become illegal to hold, acquire or dispose of any relevant hedge positions in respect of the Notes; or
- (b) it or any of its Affiliates would incur a materially increased cost (including, without limitation, in respect of any tax, solvency, regulatory or capital requirements) in maintaining the Notes in issue or in holding, acquiring or disposing of any relevant hedge positions of the Notes.

“Dual Exchange Rate” means, with respect to a Valuation Date, that any of the Base Currency, Subject Currency and/or Subject Currencies splits into dual or multiple currency exchange rates.

“Disrupted Day” means any Valuation Date on which the Calculation Agent determines that a Disruption Event has occurred.

“Force Majeure Event” means that on or after the Trade Date (as specified in the applicable Final Terms), the performance of the Issuer’s or any of its Affiliates’ obligations under the Notes is prevented or materially hindered or delayed due to (a) any act, law, rule, regulation, judgement, order, directive, interpretation, decree or material legislative or administrative interference of any Government Authority or otherwise, or (b) the occurrence of civil war, disruption, military action, unrest, political insurrection, terrorist activity of any kind, riot, public demonstration and/or protest, or any other financial or economic reasons or any other causes or impediments beyond the Issuer’s or any of its Affiliates’ control, or (c) any expropriation, confiscation, requisition, nationalisation or other action taken or threatened by any Government Authority that deprives the Issuer and/or any of its Affiliates of all or substantially all of its assets in the relevant jurisdiction.

“Government Authority” means any nation, state or government, any province or other political subdivision thereof, any body, agency or ministry, any taxing, monetary, foreign exchange, sanctions or other authority, court, tribunal or other instrumentality and any other entity exercising, executive, legislative, judicial, regulatory or administrative functions of or pertaining to government.

“Hedging Disruption” means that the Issuer and/or any of its Affiliates is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) or any futures, options or other contract(s) it deems necessary to hedge the currency risk and any other relevant price risk of the Issuer issuing and performing its obligations with respect to the Notes, or (B) freely realise, recover, remit, receive, repatriate or transfer the proceeds of any such transaction(s) or asset(s) or any futures, options or other contract(s) or any relevant hedge positions relating to the Notes.

“Illiquidity Disruption” means the occurrence of any event in respect of any of the Base Currency, Subject Currency and/or Subject Currencies whereby, after using commercially reasonable efforts, it becomes impossible for the Issuer and/or any of its Affiliates to obtain a firm quote for such currency in an amount deemed necessary by the Issuer to hedge its obligations under the Notes (in one or more transaction(s)) on any Valuation Date.

“Increased Cost of Hedging” means that the Issuer and/or any of its respective Affiliates would incur a materially increased (as compared with circumstances existing on the Trade Date) amount of tax, duty, expense or fee (other than brokerage commissions) to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the market risk (including, without limitation foreign exchange risk and interest rate risk) of the Issuer issuing and performing its obligations with respect to the Notes, or (B) realise, recover or remit the proceeds of any such transaction(s) or asset(s), **provided that** any such materially increased amount that is incurred

solely due to the deterioration of the creditworthiness of the Issuer and/or any of its respective Affiliates shall not be deemed an Increased Cost of Hedging.

“Optional Additional Disruption Event” means Increased Cost of Hedging, if specified in the applicable Final Terms.

“Price Source” means the published source, information vendor or provider containing or reporting the Reference Exchange Rate as specified in the applicable Final Terms.

“Price Source Disruption” means that, with respect to a Valuation Date, the Reference Exchange Rate becomes unavailable and is not replaced by any successor rate.

“Reference Exchange Rate” means each rate specified as such in the applicable Final Terms.

“Specified Maximum Days of Disruption” means the number of days specified in the applicable Final Terms.

“Valuation Date” means each date specified as such in the applicable Final Terms.

“Valuation Time” means, unless otherwise specified in the applicable Final Terms, the time at which the Price Source publishes in the ordinary course the Reference Exchange Rate.
